I am a geospatial data scientist leading the hydrofabric development for NOAA's Next Generation National Water Model along with collaborative federal efforts (USGS/NOAA) to define a national suite of hydroinformatic's products. I seek to bridge data-intensive computational geography with water resources research through open-source software and novel data solutions. I still am actively publishing research and am eager to facilitate and grow collaborations.

Employment

Lynker Fort Collins, Colorado

CHIEF DATA SCIENTIST/ POD LEAD Sep 2023 - Present

- Lead spatial data development for the NOAA Office of Water Prediciton
- · Support local and state level consulting projects related to water resource managment and hazard mitigation
- Recruit, retain, and mentor a strong and diverse group of data scientists

WATER RESOURCES DATA SCIENTIST Aug 2020 - Sep 2023

NOAA Office of Water Prediction

Remote

HYDROFABRIC TECHNICAL DIRECTOR

- Develop foundational geospatial products to support the Next Generation Water Modeling Framework
- Collaborate with the USGS to build federal software and data products to support the NOAA and USGS Water Mission Areas
- Work with the CIROH member universities to support 'research to operations' hydrology
- Lead a team developing novel machine learning, geospatial, and cloud based solutions for open hydrologic science

SENIOR DATA SCIENTIST @ NWS / LEAD HYDROFABRIC DEVELOPER

Aug 2020 - Present

Oct 2023 - Present

Sep 2022 - Present

University of Alabama Remote

GRADUATE FACULTY (AFFILIATE)

• Serve as member or co-chair on dissertation and thesis committees

Urban Flooding Open Knowledge Network

Remote

LEAD DATA SCIENTIST (INDEPENDENT CONTRACTOR)

Nov 2019 - Apr 2023

- · Co-authored successful proposals to NSF and served as an advocate for the team in the initial C-ACCEL program
- Developed and designed a cost effective, cloud native, building level, flood forecasting system for the Continental United States.

UC Santa Barbara Santa Barbara, California

LECTURER - GEOGRAPHY DEPARTMENT

Summer 2020, 2021

• Designed and taught the first geoinformatics course for UC Santa Barbara.

NOAA Office of Water Prediction

Tuscaloosa, Alabama

RESEARCH COORDINATOR

• Led students towards the successful execution of projects related to the National Water Model Research Fellowship

Amsterdam, Boulder, Tuscaloosa

2016 - 2018

2016

- Institute for Environmental Studies. Vrije Universiteit, Amsterdam, Netherlands: June July 2019; January March 2018
- Research Applications Laboratory. NCAR, Boulder, Colorado: August September 2018
- NOAA National Water Center. Tuscaloosa, Alabama: Summers of 2016, 2017

Education

Visiting Researcher

University of California, Santa Barbara

PhD in Geography

SANTA BARBARA, CA

• Advisor: Dr. Keith C. Clarke

- Committee: Hugo Loaiciga, Kelly Caylor, David Blodgett
- Title: The Role of Spatial Data Science in Continental Scale Hydrology: Twelve Case Studies in Data Models, Data Structures, Modeling, and Evaluation

2021

San Luis Obispo, CA 2010 - 2015

- Cum Laude
- Outstanding Senior Award: College of Liberal Arts
- Minors: (1) GIS for Agriculture (2) Water Science (Watershed Management) (3) Statistics (4) Economics (5) Environmental Studies

Publications
